760 IAC 1-66-4 Review of filings

Authority: IC 27-15-13-2
Affected: IC 27-15-13

Sec. 4. (a) A filing made by a former mutual company in accordance with section 3 of this rule shall be deemed approved by the commissioner as of the date the department receives the filing.

(b) The commissioner may review filings made under this rule at any time within thirty (30) days after receipt and may issue a written request for a former mutual company, parent company, or institutional investor to provide any additional information that may be appropriate to complete such review. The commissioner may, at the same time, order the institutional investor to refrain from purchasing any shares that, together with shares already beneficially owned by the institutional investor, would give the institutional investor ownership of five percent (5%) or more of the outstanding shares of any class of voting securities of the former mutual or parent company. The order shall remain in effect until the earliest of the following:

- (1)** Sixty (60) days following the date the commissioner received the filing.
- (2)** The date the commissioner makes a determination under subsection (c).
- (3)** The date the commissioner otherwise provides the former mutual company and the institutional investor with a written approval for the acquisition of shares to resume.

(c) The commissioner may disapprove any acquisition of shares made or to be made under this rule only after furnishing the former mutual company, parent company, and institutional investor with notice and an opportunity to comment or object within thirty (30) days after the commissioner's receipt of the filing made by the former mutual company. The commissioner may disapprove any acquisition of shares if the commissioner finds any of the following:

- (1)** The filing is or was preceded by any filing that was false, omitted material facts, was materially deficient, or otherwise does not comply with the requirements of section 3 of this rule.
- (2)** Would not satisfy the requirements of IC 27-1-23-2(e).
- (3)** Would frustrate the plan of conversion or the amendment to the articles of incorporation as approved by the members of the former mutual company and the commissioner.
- (4)** Was not approved by the boards of directors of the former mutual company and any parent company.
- (5)** Would not be in the best interest of the policyholders of the former mutual company, without regard to any interest of policyholders as shareholders of the former mutual company or any parent company.

(d) If the commissioner disapproves an acquisition of shares made or to be made under this rule, the institutional investor may not, after the date of the disapproval, acquire any shares that, together with shares already beneficially owned by the institutional investor, would give the institutional investor five percent (5%) or more of the outstanding shares of any class of voting securities of the former mutual or parent company. The commissioner shall provide written notice of disapproval, including the reason for disapproval to the former mutual company, parent company, and institutional investor promptly after the finding of disapproval. The commissioner may also order the institutional investor to divest itself of all shares of the former mutual company or parent company that equal or exceed five percent (5%) of the shares of any class of voting securities of the former mutual company or parent company. The institutional investor must complete the divestiture within sixty (60) days after the commissioner's order to divest unless the commissioner specifies a longer period of time.

(b) An institutional investor that files a notice described in subsection (a) may make no further acquisitions of shares under this rule if any change reported in such notice would:

(1) make the institutional investor ineligible to use this rule to acquire shares;
(2) require approval under IC 27-1-23; or
(3) otherwise cause the commissioner to disapprove an acquisition of shares.
